VIRCAL FORTE®

Glycine Chelated Mineral Mixture **POWDER**
for Cattle & Poultry

COMPOSITION

(Each 1 Kg. Contains)

Vitamin A	1150000 I.U
Vitamin D3	115000 I.U
Vitamin E	3000 mg
Nicotinamide	1000 mg
Calcium	255 gm
Phosphorus	127.5 gm
Magnesium	6 gm
Sodium	6 gm
Selenium	20 mg
Potassium	100 mg
Cobalt	150 mg
Iodine (EDDI)	375 mg
Iron	2.5 gm
Copper Glycine Chelated	5 gm
Manganese Glycine Chelated	3.9 gm
Zinc Glycine Chelated	14 gm
Chromium Glycine Chelated	120 mg
Sulphur	7.2 gm
Nickel	150 mg
Biotin (2%)	600 mg
L-lysine	1000 mg
DL-methionine	1000 mg
Fermented Live Yeast Culture	50 gm.

INDICATIONS:

- Anoestrus
- Silent Heat
- Repeat Breeding
- Sub-oestrus
- For better health & immunity
- To increase nutrient utilization
- To get high milk yield

1 Kg

5 Kg

25 Kg

FEEDING SCHEDULE:

Cow/Buffalo: 50-100 g per day

Calf/Sheep/Goat/Pig : 25-30 g per day

1 kg to 2 kg to be mixed in 100 kg feed

VIRCAL FORTE:

Enhances Productivity & Fertility

TOXWASH-BTM⁺ POWDER

TOXIN BINDER WITH BUFFER

COMPOSITION:

A Combination of Organic Acid,
Sodium Formate, Sodium Bicarbonate,
Magnesium Oxide, Mannan Oligosaccharides (MOS),
Activated Charcoal, Sodium Bentonite,
Oxine Copper, Bacillus Subtilis,
HSCAS (Hydrated Sodium Calcium Allumino Silicate),
Helicteres Isora, Neem Leaf Ext. & Enzymes.

FEEDING RATE:

Large Animal's:

50 gm Daily

Small Animal's:

Half the dose

1 kg per 100 kg of Feed

RECOMMENDATIONS:

- Aflatoxicosis
- Dysentery
- Diarrhoea/Shooting Diarrhoea/Loose Dung
- Irregular Estrus Cycles
- Poor Quality of Milk Production
- Disturbance in Rumen pH
- When Animal fails to respond well to any Veterinary Therapy

TOXWASH-B⁺

To Bind & Wash Out Aflatoxins from Animals Body.

VIRCAL[®] Gold

COMPOSITION

(Each 1000 ml Provides):

Calcium	36000 mg.
Phosphorus	18000 mg.
Vitamin A	80000 I.U.
Vitamin D3	40000 I.U.
Vitamin E	50 mg.
Vitamin H	2500 mcg.
Vitamin C	100 mcg.
Vitamin B12	100 mcg.
Chromium	2000 mcg.
Shatavari	500 mg.
Jivanti	500 mg.

RECOMMENDED USAGE:

Cattle/Buffalo:

50 ml. to 100 ml. twice daily

Horses:

50 ml. twice daily

Calves/Dogs:

10-20 ml. twice daily

BENEFITS:

- Vircal Provides Bio available Calcium, Phosphorus to replenish calcium drained through milk. Hence increased milk production, healthy growth and development.
- Vircal Provides vitamins for fighting stress to build immunity, strengthening the mammary glands and udder cells.
- Vircal provides biotin which helps in udder protection and development.
- Vircal Provides glactagouge herbs for better let down of milk and increasing milk production.
- Vircal provides bio active Chromium for reduction of stress and enhanced glucose utilization.
- Vircal minimizes the incidences of metabolic disorders like milk fever.
- Vircal reduces the incidences of prolapse and abortion.
- Vircal meets higher demand of calcium during lactation and gestation period.

**Mango
Flavor & Special
Sweeteners
for enhanced
Palatability**

VIRCAL GOLD:

The Best Ever Calcium Tonic For Dairy Animals

TISSUREP[®] Bolus

*Unique formulation for Repairing & Rebuilding
Tissue & Rapid Healing of Wounds*

COMPOSITION

(Each Bolus Provides):

Zinc	300 mg
DL Methionine	500 mg
L-Lysien	250 mg
L-Arginine	100 mg
D Biotin	5 mg
Vitamin A	15000 I.U
Vitamin D3	7500 I.U
Vitamin C	500 mg
Vitamin E	250 mg
Nucleotides	250 mg
Curcuma Longa	500 mg
Aloe Indica	25 mg
Emblica Officinale	25 mg
Bromelain	250 mg
Papain	250 mg
Rutin	250 mg
Base	q.s

RECOMMENDATIONS:

- Fibrosed Udder
- Leaky Teats
- Deep Seated Wounds
- Surgical Scar
- Necrotic Skin Lesions
- Soft Tissue Injury
- Parasitic Wound
- Post Surgery Pain
- FMD
- Mastitis & Metritis
- Lacerations
- Foot Rot
- Dehorning
- LSD Wounds
- Degnala Disease
- Edema

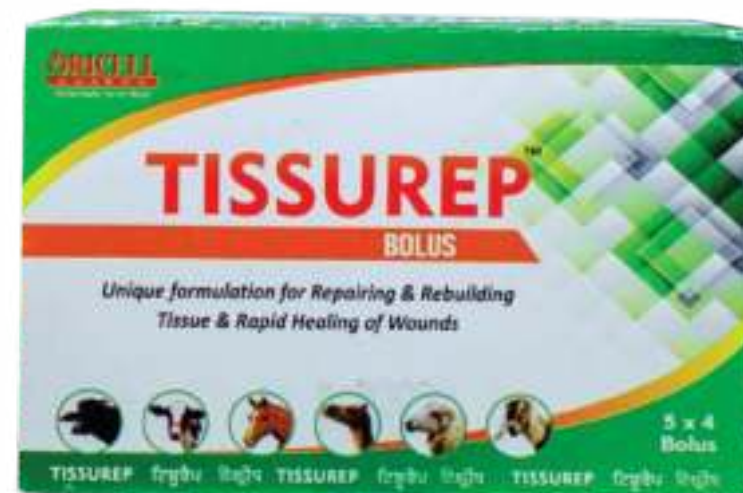

FEEDING RATE:

Large Animals:

2 Bolus daily for 4-5 days

Small Animals:

1 Bolus daily for 4-5 days

TISSUREP:

A Panacea for all Wounds & Tissue Injuries

4 Bolus in Strip & 5 Strips in a Box

FLAKES-OUT[®] POWDER

Ideal formulation for Management of Mastitis

COMPOSITION

(Each 60 gm contains):

Trisodium Citrate	25 gm
Potassium Iodide	6 gm
Vitamin A	70000 I.U.
Vitamin D3	20000 I.U.
Vitamin C	750 mg
Vitamin E	1000 I.U.
Vitamin K	20 mg
Niacin	2000 mg
Thiamine Hydrochloride	200 mg
Riboflavin	200 mg
Pantothenic Acid	50 mg
Biotin	20 mg
Methionine	10 gm
Manganese Sulphate	4000 mg
Copper Sulphate	1200 mg
Zinc Sulphate	500 mg
Cobalt Sulphate	50 mg
Selenium	4 mg
Live Yeast	50000 million CFU
Serratiapeptidase	120 mg

Recommended uses:

- Sub-Clinical Mastitis
- Adjunct to Antibiotic Therapy in Clinical Mastitis
- To normalizes the milk pH
- To stop the flakes in milk

Dosage:

60 gm powder per day
3-6 consecutive days Dissolve 60 gm powder in 250 ml water or mix with Jaggery for single administration.

FLAKES-OUT: To Stop the Flakes in Milk

60 gm

PANJEERI[®]

Powder

COMPOSITION

(Each 1 kg. contains):

Rumen bypass fat	150 gm
Rumen bypass protein	50 gm
Calcium propionate	100 gm
Available calcium	300 gm
Sodium acid phosphate	50 gm
Bovizyme	20 gm
Fermented live yeast culture	50 gm
Nicotinamide	2 gm
DL Methionine	5 gm
L-lysine	10 gm
Dextrose	50 gm
Base	q.s.

**Fortified with Trace Minerals,
Vitamins, Amino Acid & Galactagogue**

FEEDING RATE:

Large Animals:

- 100 gm daily for 15 days before calving
- 100 gm twice a daily for 1 week after calving
- 100 gm daily for next 4 weeks
- 50 to 100 gm for general weakness

Small Animals:

- Half the dose

1 kg to be mixed in 100 kg feed

PANJEERI:

The Bypass Fat for Energy.

*Combination of Bypass Fat, Protein & Calcium Propionate
to correct negative energy balance in dairy animals*

RECOMMENDATIONS:

- To correct negative energy balance
- Ketosis
- Milk fever
- Anoestrus
- Stress of any origin
- For better health & immunity

1 Kg

2.5 Kg

5 Kg

10 Kg

20 Kg

UNIBUFF[®]

Powder

Unique Rumen Buffer

COMPOSITION (Each 60 gm contains):

Magnesium oxide	8 gm
Magnesium carbonate	10 gm
Sodium Bicarbonate	25 gm
Live Yeast	7 gm
Enzyme	5 gm
Niacinamide	500 mg
B1	500 mg
B2	500 mg
Cobalt	400 mg
Choline bitartrate	750 mg
HSCAS	q.s

FEEDING RATE:

Large Animals: 60 gm daily

Calves & Heifers: 15-30 gm daily

Sheep & Goat: 5-10 gm daily

RECOMMENDATIONS:

- Corrects sub acute and acute acidosis
- Helps in recovery of laminitis.
- Helps in fibre + grain digestion
- Maintains normal rumen pH
- To correct FAT/SNF Percentage in milk.

60 gm

900 gm

UNIBUFF: Rumen buffer that acts immediately.

FENWORM-PLUSTM

Bolus

Each bolus contains:

Fenbendazole I.P.3000 mg
Ivermectin.....100 mg

DOSAGE:

Large Animals:

1 bolus as single dosage

RECOMMENDATIONS:

- Gastrointestinal roundworms (adults & fourth stage larva).
- Lungworms (adults & fourth stage larva).
- Tapeworms.
- Cattle Gurbs (Parasitic stage)
- Sucking Lices.
- Mites (Scabies)

**For Safe Deworming
in Pregnancy.**

1 Bolus Pack

FENWORM PLUS: For the Removal of Endo & Ecto Parasites

VIRCALTM Gel

COMPOSITION (Each 100 gm contains):

Calcium	6600 mg
Phosphorus	3400 mg
Magnesium	250 mg
Vitamin D3	32000 I.U.
Vitamin B12	400 mcg
Spirulina	500 mg

BENEFITS:

- Vircal Gel provides Ionic Calcium & Magnesium which increases the serum level within 15 minutes.
- Supplies Calcium & Magnesium to ensure normal levels before, during and after calving.
- Provides Ionic Calcium & Magnesium which are readily available to the body.

FEEDING RATE:

- Administer one bottle 6-12 hours prior to expected calving & one bottle within 6-12 hours after calving. Another bottle can be administer within 18-24 hours after calving.
- Shake well before use.

INDICATIONS:

- Prevention of Hypocalcemia & Milk Fever.
- Follow up therapy after I.V. Calcium
- To support normal Parturition, to prevent Uterine Inertia, ROP, & delayed Involution.
- To improve Milk Yield.

**Chocolate Flavor
& Special Sweeteners
for enhanced
Palatability**

300 gm.

VIRCAL GEL: A Comprehensive Nutritional Supplement for Dairy Cattle

COMPOSITION

(Each 100 ml contains):

Calcium lactate	5 gm
Sodium lactate	1 gm
Niacinamide	250 mg
Ginseng	2 gm
Amino acid	30 gm
Biotin	20 mg
Vitamin B1	10 mg
Vitamin B6	10 mg
Vitamin B12	10 mg
Vitamin E	150 mg
Vitamin D3	50000 IU
Chromium	1.65 mg
Spirulina	50 mg
Herbal extract	3 gm
Propylene glycol	q.s.

SHAKTI WATER:

For Instant Energy to the Animal.

Shakti Water®

Liquid

RECOMMENDATIONS:

- Gives instant energy to weak animal.
- Helps in speedy recovery after disease.
- Helps to increase milk production.
- Act as immunity booster.
- Prevents Ketosis.
- Reduces Stress

FEEDING RATE:

Lagre Animal:

100 to 200 ml. daily

Small Aminimal:

20 to 50 ml. daily

1 Ltr.

STAYPROGEN[®]

POWDER

COMPOSITION

(Each 250 gm contains):

Shataparva	4 gm	Katuphal	: The unique herb that prevents the Sperm Death in Female Reproductive Tract thus helps to prevent repeat breeding.
Shrungatak	12 gm	Shrungatak	: Helps in maintaining the Pregnancy.
Shatamuli	12 gm	Shatamuli	: A Strong Uterine Tonic, helps in preventing the Uterine disorder.
Putranjiva	10 gm	Shataparva	: Helps in correcting the Uterine Disorders, prevents early Embryonic Death & Abortion.
Katuphal	12 gm	Putranjiva	: Since ancient period, it is used for maintenance of Pregnancy & the name "Putranjiva" is due to this property. It prevents Uterine anomalies & Repeat Breeding.
Kalabol	8 gm	Kalabol	: Kalabol contains Glycoside-Aloin that strengthen the Uterine function.
Kumud	8 gm	Kumud	: The Nuceferine, Nor nuceferin and Romerin in the plant helps the Implantatioin of the Zygote and thus helps in maintenance of Pregnancy.
Kaseruk	8 gm	Kaseruk	: Helps in maintenance of Pregnancy.
Ashwagandha	10 gm	Ashawgandha	: Helps in releasing Stress.
Shatavari	10 gm	Shatavari	: Boosts immunity and helps in Conception.
Base	q.s.		

RECOMMENDATIONS:

- To prevent repeat breeding
- To speedily recover in prolapse
- To prevent habitual abortion
- To helps in postpartum uterus infection

FEEDING RATE:

Large Animals: 25 gm /day

Small Animals: 10 gm / day

STAYPROGEN:

For maintenance of pregnancy in dairy animals

250 gm

500 gm

PARAWASHTM

Permethrin, Cetrimide, Eucalyptus Oil with Aloe Vera

COMPOSITION:

Eucalyptus oil	2% w/w
Permethrin	5% w/w
Cetrimide IP	1% w/w
Aloe Vera	1% w/w
Soap Noodles	q.s.
Fragrance	q.s.

Direction of use: After bathing your pet or animals rub gently to produce lather. Leave it for approximately 2 to 3 hours and then wash thoroughly.

Avoid contact with eye. If occurs rinse thoroughly with fresh water. Discontinue the use if irritation or rashes develop. Parawash soap is effective in the control of ticks, lice and flies.

BENEFITS:

- Kills Ectoparasites & their Ova.
- Acts against Ticks, Fleas, Lice & Mites.
- No rough Skin & Hair Coat after use.
- Gentle on Skin & easy to use.

INDICATIONS:

More effective against:

- Lice
- Ticks
- Fleas
- Mites

PARAWASH: Freedom from Ticks, Lice & Flies

75 GM.

REDPHOSTM

*Protein Bound Buffered Sodium Acid Phosphate to
Correct Phosphorus Deficiency in Farm Animals*

COMPOSITION (Each 100 gm granules contains):

50 gram of Protein Bound Sodium Acid Phosphate

RECOMMENDATIONS:

- Management of Pica
- Infertility
- Helps in recovery from Milk Fever
- Hypophosphatemia
- Post-parturient Hemoglobinuria
- Enhances Protein Synthesis
- Enhances Reproductive Performance

Suggestive Uses:

Large Animals: 100 gm of granules per day.

Small Animals: 30 gm of granules per day.

Feed Mixing Ratio: 20 gm of granules in each kg of feed.

REDPHOS: Protein Bound Granules

500 gm

1 Kg

Vet Blood[®]

Nutritional Feed Supplement to support RBC Formation

COMPOSITION

(Each 20 ml contains):

Malt extract	4.52 mg
Calcium gluconate	380 mg
Ferric ammonium citrate	800 mg
Chelated ferrous glycinate	2250 mg
Chelated copper glycinate	450 mg
Chelated cobalt glycinate	30 mg
Cholecalciferol	4000 I.U.
Nicotinamide	30 mg
Biotin	75 mcg
Folic acid	1.5 mg
Cyanocobalamin (Vitamin B ₁₂)	1.5 mcg
Tinospora cordifolia extract	200 mg
Carica papaya leaf extract	100 mg
Flavoured base	q.s.

SUGGESTIVE USAGES:

Cattle, Buffalo & Horse: 30 to 50 ml daily

Camel: 10 ml/100 kg b.wt. daily

Swine: Adult 25 to 30 ml daily

Calves, Sheep & Goat: 10 to 15 ml daily

RECOMMENDATIONS:

- Anemia
- Debility
- Stunted Growth
- Osteomalacia
- Rickets
- Iron Deficiency
- General Weakness
- To recover after severe blood loss
- Supportive Supplementation after Haemoglobinuria & Hematuria
- Anemia in Haemoprotozoan diseases (eg. Theileriosis, Babesiosis etc.)

Vet-ORSTM

Liquid

Oral Rehydration Solution

COMPOSITION

(Each 100 ml contains):

Calcium Lactate	120 mg
Dextrose Monohydrate	25 gm
Trisodium Citrate	500 mg
Niacinamide	500 mg
Vitamin E	100 mg
Vitamin C	500 mg
Selenium	6 mg
Sodium Chloride	400 mg
Potassium chloride	1350 mg
Magnesium	3000 mg
Glycine	4000 mg
Sodium Dihydrogen Phosphate	624 mg

Fortified with B-complex

FEEDING RATE :

Large Animals: 100-200 ml daily for 5 to 10 days.

Small Animals: 50-100 ml daily for 5 to 10 days.

Birds: 20 ml per litre water for 100 birds.

RECOMMENDATIONS:

- Electrolyte imbalance
- Dehydration
- Anestrous in Summer along with Mineral Mixture
- Extreme Panting & Drooling of Saliva
- Diarrhoea
- Vomiting (in Dogs)
- Heat or Cold Stress
- Shock

VET ORS:

Real Oral Dehydration Solution for Dairy Animals

BIOHOOFTM

Powder

Biohoof is a unique blend of Organic Minerals, Biotin & Vitamins for the Prevention & Treatment of Laminitis & Maintenance of Hooves Health

COMPOSITION (Each 25 gm provides):

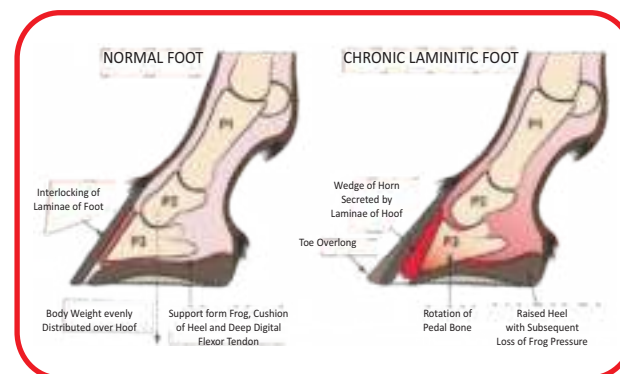

Biotin, Zinc, Copper, Cobalt, Manganese, Iron, Chromium, Vitamin A, Vitamin D3, Vitamin E, Selenium, Vitamin K, Vitamin B1, Vitamin B2, Vitamin B6, Vitamin B12, Lysine, Methionine, Antioxidants, Betaine Natural, Enzyme Cocktail, Probiotics & Herbal blend.

RECOMMENDATIONS:

- Prophylaxis, prevention & treatment of laminitis in equine.
- Helps in condition associated with grain overload.
- Helps in fiber & grain digestion.
- Boost hooves growth & robustness.
- Easier shoeing & more durable shoe.
- Healthy, clean & shiny coat.

FEEDING RATE:

Horse & Mare: 25-50 gm daily
Foals & Fillies: Half the dose

BIOHOOF: Laminitis
Preventative Supplement for Horses

BRIDER-H-EQTM

Powder

Nutritional Supporting Technology Product

BRIDER-H-EQ CONTAINS: Omega 3 Fatty Acids, Omega 6 Fatty Acid, Vitamin H (Biotin), Vitamin A, Vitamin D3, Vitamin E, Zinc, Nicotinamide

RECOMMENDATIONS:

- Helps to keep skin coat smooth, shiny & healthy
- Keeps horses calm
- Decreases stress response
- Helps to reduce skin allergies
- Improves respiratory function
- Improves joint function
- Improves digestion
- Reduces general muscle stiffness & pain
- Improves reproductive function
- Improves memory & learning in foals
- Improves exercise endurance, tolerance & performance

FEEDING RATE:

Horse & Mare:

25 ml daily

Colt & Filly:

5-10 ml daily

BRIDER-H-EQ:

Special Supplement to Strengthen Equines.

1 Ltr.

5 Ltr.

FERTIMARETM

Powder

A unique formulation to enhance fertility in mares.

FERTIMARE CONTAINS: Rubia Cordifolia, Balsamodendron Myrrh, Peganum Harmala, Aloes Indica, Leptadenia Reticulata, Vitex Agmas Castus, Oreganus Majorana, Taraxacum Officinalus, Humulus Lupulus, Bryenia Patens, Scirpus Grossus, Crude Protein, Crude Fat, Crude Fiber, Omega-3 Fatty Acids, Vitamin A, Vitamin B6, Vitamin D3, Vitamin E, Calcium, Phosphorus, Sodium, Potassium, Biotin, Beta Carotene, Selenium, Zinc, Manganese, Copper, Cobalt, Ferrous, Iodine, Magnesium, Bioactive Chromium

RECOMMENDATIONS:

- Helps to regulate follicle-stimulating hormone & luteinizing hormone
- Improves follicular growth & maturation.
- Helps to regulate hormonal cycle.
- Fulfill the nutritional needs.

FEEDING RATE:

Mares: 50 g daily for 20-40 days.

FERTIMARE: Mare Heat Support Powder.

PRESENTATION: 1 Kg.

GOTULIV-DSTM Liquid

The Ultimate Hepto-protective, Corrective, Appetizer & Liver Stimulant

COMPOSITION (Each 30 ml. contains):

Silybum marianum	375 mg	Embelica officinale	100 mg
Andrographis paniculata	375 mg	Curcuma longa	100 mg
Boerhavia diffusa	300 mg	Calcium Lactate	300 mg
Eclipta alba	300 mg	Ferrous gluconate	200 mg
Phyllanthus niruri	300 mg	Ferrous chloride	80 mg
Acacia catechu	250 mg	Nicotinamide	45 mg
Gotu Kola	225 mg	Nicotinic acid	20 mg
Glycyrrhiza glabra	200 mg	Amino acid	15 mg
Zingiber officinale	200 mg	Vitamin B1	5 mg
Tinospora cordifolia	150 mg	Vitamin B2	5 mg
Solanum nigrum	150 mg	Vitamin B6	5 mg
Embelia ribes	100 mg	Vitamin B12	0.5 mg
Ocimum sanctum	100 mg	Choline chloride	5 mg
Terminalia chebula	100 mg	Glucose	20 mg
Picrorhiza kurrooa	100 mg	Yeast extract	120 mg
Cassia occidentalis	100 mg	Inositol	10 mg
Terminalia arjuna	100 mg	Liver fraction	150 mg
Cichorium intybus	50 mg	(Liver fraction in derived	
Fumaria indica	50 mg	from 3.75 gm of fresh liver)	

RECOMMENDATIONS:

- Anorexia & debility.
- Helps to regulate liver enzymes.
- Helps to improve productivity.
- Helps to improve feed conversion.
- To improve the body weight gain & general health.
- Acts provides dietary safe guard to liver against afla toxins.
- To release the stress of Deworming vaccination & antibiotic therapy.

Recommended Dosage: Per Head Per Day

Cattle/Buffalo/Camel: 50 ml **Heifers/Horse:** 25 ml

Sheep/Goat/Pig: 10 ml **Dog:** 5 ml, **Cat:** 2 ml

Poultry: For 100 birds per day:

Broilers: upto to 2 weeks : 5ml

2 to 4 weeks : 10 ml Above 4 weeks : 20 ml

Layers: Chicks upto to 8 weeks: 5ml

Growers 9 to 16 weeks: 10 ml

Layers Above 16 weeks : 20 ml

GROSPEEDTM

Powder

To Speed up the Body Growth, Rapid Sexual Maturity & Puberty

COMPOSITION

(Each 1kg provides):

Dicalcium Phosphate	300 gm
Zinc Glycine Chelated	8 gm
Manganese Glycine Chelated	3.5 gm
Copper Glycine Chelated	4 gm
Cobalt Glycine Chelated	500 mg
Chromium Glycine Chelated	500 mg
Iron Glycine Chelated	1500 mg
Vitamin A	10,00,000 I.U.
Vitamin D3	2,00,000 I.U.
Vitamin E	800 I.U.
Biotin	200 mg
EAA (Essential Amino Acids)	30 gm
Bacillus Subtilis	33.5 CFU
Fermented Yeast Culture	60 gm
Bypass Protein	10000 mg
Curcuma Longa	25 gm
MOS	10 gm
Base	q.s.

Fortified with Omega-3 & Omega-6 Fatty Acids

RECOMMENDATIONS:

- Proper & Faster Body Growth & Skeleton Development.
- Early Sexual Maturity in Heifers.
- Early Sexual Maturity in Breeding Bulls.
- Development of Reproductive Organs.
- Improves Fertility & Reproductive Efficiency.

FEEDING RATE:

Calf: 10-15 gm daily.

Heifers: 30-40 gm daily.

Large Animal: 60 gm daily.

GROSPEED:

To Speed up the Growth of Calf.

STUDBOONTM

Powder

*Organic Minerals, Vitamins, Amino Acid & Probiotics
Supplement for Horse Feeding*

STUDBOON : A unique combination of Calcium, Phosphorus, Sulphur, Iron, Zinc, Copper, Manganese, Iodine, Selenium, Choline, Potassium, Magnesium, Chromium, Cobalt, L-lysine, DL-Methionine, Biotin, Vitamin-A, Vitamin-D3, Vitamin-E, Vitamin-C, Niacinamide, Pro-biotics, Yucca & Nirgundi.

RECOMMENDATIONS:

- Helps to keep Horses Healthy
- Helps to improve Growth Rate
- Helps to improve Fertility
- Helps to improve Hoof Health.
- Helps to Boost Immunity.
- Helps to improve Racing Performance

STUDBOON: Growth, Energy, Stamina, Immunity, Performance & Vigour.

FEEDING RATE:

For Growth in Foals and Fillies: 25 gm daily.

For Regular Maintenance: 50 gm daily.

For Racing Horses: 70 gm daily.

DAM H GOLDTM LIQUID

Vitamins deficiency leads to weak immune system, poor reproductive performance, unhealthy udder, unhealthy skin, hairs, poor growth of foetus. To overcome the deficiency of vitamins the only solution is DAM H GOLD.

COMPOSITION

(Nutritional value per ml.):

Vitamin-H (Biotin)	1340 mcg
Vitamin E	800 mg
Vitamin C	50 mg
Vitamin A	30000 IU
Vitamin D3	20000 IU
Chromium	0.2 mg
Selenium	0.2 mg
Zinc	18 mg
Mecobalamin	1200 mcg

DIRECTION FOR USE:

Cattle: 10 ml per day

Dog/Cat: 2.5 ml per day

Poultry: 5-7 ml per day (100 Birds)

RECOMMENDED USES:

- Increase the milk holding capacity of udder.
- Helps in speedy recovery from mastitis.
- Prevents post partum mastitis.
- Promotes the growth of foetus.
- Corrects leaky teats.
- Repair horn & hooves.
- Enhances sperm count in bulls.
- Improves fertility ratio.
- Alopecia in pets.
- Combats Stress.

Need to Strengthen Foal (Colt & Filly) Different Specific Supplement is needed

FOALBOOST

**Unique combination of Vitamins, Minerals, Amino Acids,
Probiotics & Enzyme Supplement**

COMPOSITION (Each 1 Kg. contains):

VITAMINS

Vitamin A: Crucial for vision, immune function & skin health.

Vitamin D3: Helps in calcium absorption, promoting strong bones & teeth.

Vitamin E: Acts as an antioxidant, supporting muscle & nerve function & enhancing immunity.

B Vitamins (B1, B2, Biotin): Support energy metabolism, healthy nerve function & skin health. Biotin also strengthens hooves.

Vitamin C: Important for immune function, connective tissue repair, collagen production & iron absorption.

MINERALS

Copper, Zinc, Iron, Manganese & Cobalt: Essential for bone growth, joint health & the development of strong hooves.

Copper & zinc also helps in enzyme functions, while iron supports red blood cell formation.

Calcium, Phosphorus & Magnesium: Important for skeletal development & muscle function. Phosphorus works with calcium for bone health.

Selenium: Plays a role in muscle development and helps prevent muscular dystrophy.

Iodine: Supports proper thyroid function, which is vital for growth & metabolism.

AMINO ACIDS

Lysine, Threonine, methionine, Arginine, Histidine, Leucine, Isoleucine, Valine: These are essential amino acids that promote muscle development, tissue repair & overall growth in foals.

Tryptophan: Supports brain function & can help in managing stress or anxiety in young foals.

Glutamic Acid, Proline, Serine: Play roles in protein synthesis & tissue repair.

PROBIOTICS & YEAST

Lactobacillus Acidophilus, Bacillus Coagulans & Yeast: These probiotics improve digestion, supports gut health and enhance nutrient absorption. They also boost the immune system by maintaining a healthy gut microbiome.

ENZYMES

Pectinase, Protease, Hemicellulase, Lipase, Amylase, Beta-Glucanase, Xylanase, Cellulase: Help break down feed, improving the digestion & absorption of nutrients. These enzymes ensure that foals get the maximum nutritional benefits from their diet, providing efficient growth and energy level.

INDICATION:

- Poor muscle tone & decline tissue health
- Less energy and poor metabolism.
- Decay of hoof growth.
- Rough skin coat & hair coat
- Poor immune system.
- Low digestive system & indigestion.
- When animals suffer from orthopedic & colic diseases.

FEEDING SCHEDULE:

from 10th day to 30th day give 05 gm daily
from 31st day to 60th day give 10 gm daily
from 61st day to 90th day give 20 gm daily
above 90 day give 25-50 gm daily
or as directed by the veterinarian.

POWDER

COMPOSITION (Each 50 gm. contains): Xylanase 275000 I.U, Cellulase 275000 I.U, Pectinase 110000 I.U, Protease 275000 I.U, Hemicelluase 200000 I.U, Lipase 200000 I.U, Amylase 300000 I.U, Nucleotides 5 gm, Polysaccharides 5 gm, Lactobacillus Acidophilus 30 Billion C.F.U, Bacillus Subtilis 55 Billion C.F.U, Bacillus Coagulans 55 Billion C.F.U, Bacillus Licheniformis 10^{10} C.F.U, Saccharomyces Boulardii 10^{10} C.F.U, Saccharomyces Cerevisae 10^{10} C.F.U, Lactobacillus Helveticus 10^{10} C.F.U, Lactobacillus Rhamnosus 10^{10} C.F.U, Aspergillus Awamori 10^{10} C.F.U, Aspergillus Oryzae 10^{10} C.F.U.

BENEFITS:

- Helps maintain a balanced hindgut microflora, preventing common equine digestive issues.
- Restores gut flora disrupted by deworming treatments & antibiotics.
- Improves the breakdown & absorption of nutrients in forage & concentrate feeds.
- Better energy availability due to improved starch & fibre digestion.
- Maintain gut stability during travel & reduced stress induced diarrhea.
- Prevents colic, diarrhea, constipation & acidosis.
- Suppresses growth of E.coli, salmonella, clostridium.
- Potential improvement in hoof health & reduced risk of laminitis & inflammation.

INDICATIONS:

- Enteritis
- Fecal Impaction
- Diarrhea
- Colic Pain
- Colitis
- Inflammatory Bowel Disease (IBD)
- Constipation
- Weight Loss
- Metabolic Acidosis
- Poor Hoof Health
- Laminitis
- Over All Poor Hind Gut Health

FEEDING SCHEDULE:

Large Breed: 50 gm daily

Small Breed: 25 gm daily

500 gm

1 Kg

HINDZYME: Better Digestion & Healthy Hindgut.

Extend the Stallion Breeding Shots with
Progressive Sperms number Motility & Higher Libido
With

STALLIBOOST™

Powder

COMPOSITION (Each 1.25 Kg. contains):

HERBS (Tribulus Terrestris, Withania Somnifera, Ginseng, Epimedium, Saw Palmetto, Yohimbine, Ginko Biloba, Fenugreek):

Increases Testosterone Level, Improves Sperm Quality, Quantity & Motility, Increases Libido Power and Improves Blood Flow in Genital Organs, Reduces Oxidative Stress.

AMINO ACIDS (L-CARNITINE, L-ARGININE), OMEGA 3 & OMEGA 6:

Regulates Hormones, Enhances Sperm Parameter, Improves Blood Flow.

MINERALS (Calcium, Phosphorus, Magnesium, Zinc, Copper, Selenium, Iron, Manganese, Potassium, Boron):

Supports Bone Strength, Muscle Function, Testosterone Function & Improves Sperm Quality & Quantity.

VITAMINS (Vitamin A, Vitamin D, Vitamin E, Vitamin C, Vitamin B6, Vitamin B12, Biotin, Folic Acid, Niacin):

Improves Vitality, Reproductive Health, Stress Management, Enhances Sperm Quality & Quantity.

INDICATIONS:

- Enhances Libido
- Promote the number of Stallion Shot.
- Increase number of Sperms.
- For Stability & Motility of Sperms.
- Protection of Sperms.
- Higher Sperm Concentration in Semen.

USES: 50 gm twice daily.

ADMINISTRATION: Oral mixing with Jaggery to form electuary & rubbing on tongue of horse.

STALLIBOOST: Powerful Semen Toner.
